

Alberta has Canada's **highest** effective casino tax rate

Source: ACCO, Responsible Proposals for the Regulation of Internet Casino Gaming in Alberta (November 2023)

A lot has changed and improved
over the last 20 years.
Alberta's casino tax rate hasn't.

**83%
TAX**

At 83% Alberta has the highest casino taxes in Canada.

The high tax rate continues to limit capital investment in gaming and entertainment facilities and results in lost revenue opportunities for the province and charities.

Keeping online gaming revenue in the province will support provincial and charitable revenues, job creation and economic development in Alberta while keeping the province competitive with other jurisdictions.
